Create Your Own Reel Viewer

Cherish days gone by with this grown-up version of one of childhood's greatest gadgets.

It's Reel - \$29.95

Ah, nostalgia. Give yourself a double dose with this grown-up, just-for-you version of one of childhood's greatest gadgets: the reel viewer. Assemble snapshots of your favorite memories and add them to your very own reel using the redemption code included with your viewer. Once you receive your made-to-order reel, pop it in the viewer and marvel at baby's first steps, or your favorite beach at sunset, or... well, whatever else you want immortalized. Remember: You're the view master now. Made in Oregon.

Includes code in package to redeem one reel of 7 images.

Finished reel shipped within 5 business days of photo submission.

Transit time is additional.

ITEM ID 47435

Game of Phones

Turn your trusty cellular companion into the subject of a scavenger hunt between you and your friends.

Fun Is Coming \$5-\$20

Your smartphone already sits on the table while you're out to brunch, it lays next to you on the couch while you watch reruns and scroll through texts—you might as well give it the official party invite.

Game of Phones turns your trusty cellular companion into the subject of a scavenger hunt between you and your friends. Just gather your friends and their smart phones (sorry, flip phone users, you're not invited), draw a prompt card, and see who can use their phones the fastest to create an emoji masterpiece, show off the last photo you took, or find the weirdest Google Image result for your name. Collect the most points to win. Only the fastest and funniest will survive. To keep the fun going, try one of the expansion packs featuring 30 new cards each to add to the original deck. Made in China.

Hero Bookend

This miniature superhero uses his superhuman strength to prop your favorite stories.

Fictional Force \$25.00

After a full day of fighting crime, this miniature superhero has his priorities straight: Saving the stories! The little defender appears to have extraordinary strength, "pushing" a row of your favorite books upright. Place the cover of a paperback book around the traditional book end to disguise it, and the hero connects on the other side with superhuman strength (aka a magnet). It's a playful nod to every courageous protagonist, and makes a great gift for literary lovers whether teachers, writers, or just voracious readers. Designed by Ori Niv in Tel Aviv, Israel. Made in China.

Heroine Bookshelf \$25.00

5-in-1 Tool Pen

This streamlined gadget keeps five necessary tools together in one place.

5-In-1
Design

Bubble
Level

Ruler

Screw
driver

Stylus
Tip

All for One, One for All \$25.00

Somewhere, among the take-out menus and paper clip clusters, there's a screwdriver.

Where the level and ruler are is anybody's guess. Keep some of your most essential tools together with this 5 in 1 design.

The streamlined gadget features a screwdriver, capacitive touch stylus for smart devices, an integrated bubble level, ruler, and pen with clip.

Store one in your purse or glovebox for on-the-go use, and call off the junk drawer search. Made in China.

5 Tools-1 Cool Pen

Magnetic Notebook

Instantly re-organize your notes by moving and reconnecting the pages of this magnetic hardbound notebook.

Paper Soul \$8.95 – 30.00

Charles Good-Man's brilliant design blends paper's flow and permanence with digital's flexibility. It looks and feels like the high quality hardcover notebooks favored by thinky types in coffee shops, with one mind-blowing difference: the pages are "bound" to a magnetic spine, so you can pull them out and put them back in anywhere you like.

That means all your sporadic notes about cats, donuts, and existence can be totally organized—and 100% unavailable to the hackers who just loved your old online diary. Vegan leather binding. 55 sheets/ 110 pages (refills, too). Created by Charles Good-Man Made in China.

Apple Byte Desktop Sculpture

An ancient symbol of knowledge gains computer hardware guts, becoming art in the process.

Data Delicious \$34.00

An ancient symbol of knowledge, this beautiful wooden apple's insides are made from the tiny but potent computer components that send information around the world. Are we smarter now? We don't know, but we know what we like when we see it.

This natural-plus-technological fruit, Carmi Y. Plaut's artistic use of computer parts that otherwise would have ended up in a landfill—we like. Made of sustainably sourced wood and recycled computer parts in the Philippines.

F for Effort Book

This unabashedly silly book celebrates the creative side of failure.

Go to the Principal's Office! \$10.00

Question: What did Paul Revere say at the end of his famous ride? If you answered "Whoa!" then you're correct! At least according to this hilarious compendium of outrageous answers from the author of the national bestseller *F in Exams*. Celebrating the creative side of failure—from sassy mathematical solutions to hilarious re-imaginings of historical events—this unabashedly silly book celebrates the creative side of failure with 250 authentic responses to common test quandaries from K-12 jokesters.

This unbelievable assortment of audacious longshots contains questions from the sweat-inducing pop quizzes of the past, but rather than drawing a blank these students took being on the spot as an opportunity to be in the spotlight! No subject is safe from snark in this amusing book full of groan-worthy gaffes supplied by class clowns across the USA and the UK. A touching, funny, and oh-so-real look at the life of the average educator, this little pick-me-up is sure to bring smiles to any student, teacher, or professor. Printed in China.

Geode Puzzle

These stunning, cutting-edge geode puzzles seduce the eyes while challenging the brain.

Hard Rock \$65.00

Beautiful—and fiendishly difficult—these cutting-edge geode puzzles seduce the eyes while challenging the brain. And like real agate, each of these designs (pink, blue, multi-colored, or one-of-a-kind) has a distinct shape, color, and pattern.

The way they're made is inspired by how a geode's crystalline structure is created in nature: a special simulation program develops an image by layering color that radiates from the puzzle's edge; an algorithm generates the puzzle piece patterns; and a computer-guided laser cutter shapes the pieces from birch plywood. We apologize in advance for bending your mind. Made in Somerville, Massachusetts. Due to the nature of this item, each is unique and will vary. Each puzzle sold separately.

Bluetooth Banana Phone

Add slapstick style to your phone with this wireless handset. Peeling not necessary.

Yellow? Tarzan? \$40.00

"Hello, room service? Please send up another bunch."

Add slapstick style to your phone with this handset worthy of a Marx Brothers gag. It connects through Bluetooth for wireless conversations that keep phone radiation away from your coconut. Just pair it with your device to receive calls and use your favorite voice assistant (like Siri) to make them. Talk for up to 10 hours with the USB-rechargeable battery and know you're helping keep the jungle green thanks to the 100% recycled plastic cover. Made in China.

Compatible with any smartphone via Bluetooth. Features and Functions: 10 hour talk time. 70 hour idle time. Built in rechargeable lithium battery with Micro USB. Qualcomm Chipset/ certified conflict free components. Volume Control.

Wood Magnetic Balance Lamp

This ingenious lamp—ideal for your desk—turns on and off with the nudge of a magnet.

It's a Balancing Act \$85.00

No switch? No problem. Li Zanwen's ingenious lamp turns on and off with a flick of the wrist... and the nudge of a little round magnet. Simply lift the lower sphere to switch the light on: It's attracted to the upper sphere and will stay put in midair, giving off the light you so crave. Once you're feeling like it's time to wind down, just lower the sphere and the light will turn off. It's that easy. And if this doesn't sound high-tech enough for you yet, consider this: It's powered by a standard USB. Hi, future.

9.02" L x 3.8" W x 12.75" H Made in China.

I Should Have Known That! Party Game

Time for you and your friends to shut down that search engine and find out what you really know.

You've Got All the Answers \$20.00

Ever had that experience where a word, a name, or a fact was on the tip of your tongue but still just out of reach? Well, this trivia set transforms that moment of awkwardness into a hilarious group activity. Instead of questions about ancient history and things you've never heard of, it contains more than 400 questions on movies, pop culture, and recent events—things you should know all about, right? For example, does the Statue of Liberty hold her torch in the left or right hand? Date night or family trivia night, you'll discover that sometimes being stumped makes for all kinds of fun. Made in Poland.

PhoneSoap Smartphone Sanitizer

Zap the germs lurking on your touchscreen with this UV sanitizer that takes care of the dirty work for you.

Don't Talk Dirty \$59.95

Your smartphone has one unwanted function: it's a breeding ground for disease-causing bacteria and viruses. What's more, holding that Petri dish of a device next to your mouth and nose creates a direct path for colds and flu.

This easy-to-use smartphone sanitizer and charger helps zap most of those germs automatically. Simply place your phone inside, attach the charging cable, and close the lid. Inside, a pair of specialized, ultra-violet lights do the dirty work for you, while exterior lights let you know when the phone is clean and charged.

Large enough to accommodate most smartphones, it comes with a micro USB charging cable that can be easily switched out to fit your phone's requirements. Built-in acoustic amplifiers that allow you to continue listening to music or use your phone's alarm while it's getting its spa treatment. Need to clean your phone on the go? The set of two PhoneSoap microfiber patches adheres to the back of your phone for quick and easy cleaning.

Dimensions: 7" L x 3.74" W x .84" H. Made in China.

Solar Powered Charger & Light

Use the power of the sun to tweet, text, and maybe even make a call or two with this solar powered charger.

Harness The Sun \$59.95

Use the power of the sun to tweet, text, and maybe even make a call or two. Roughly the size and weight of your phone, this solar powered charger connects to your device via USB port to give you a full charge in two hours. Perfect for power outages, camping, or simply the environmentally conscious, this innovative device also gives off a light for up to 150 hours and features an SOS emergency beacon setting. The best part? Getting one gives back. For each solar charger purchase, a light is given to one of the many people throughout the world without access to electricity. A code is included in the charger's package that allows you to choose where in the world the contribution is given. Bring on the sunshine! Made in China.

RECYCLED - MADE FROM electrical components, LED light, recycled PC-ABS plastic

MEASUREMENTS 4.75" L x 3" W x .7" H

CARE Clean with damp cloth.

Compatible with any device with a USB connection.

Things They Don't Teach You in School Game

400 fun facts, random factoids, and pieces of useless knowledge make for a fresh, lively trivia game.

9+ in Silly \$20.00

Your edumacation may have taught you important things like what the capital of Moldova is (Chişinău) and how many signers of the Declaration of Independence weren't American-born (8). The trivia in this game starts where that fancy book learnin' stops. Why doesn't the Mona Lisa have eyebrows? In what year was shampoo invented? Why do you write Franklin D. Roosevelt and John F. Kennedy with a dot after the initial, when Harry S Truman is written without one? The info is so random that nobody is likely to have an edge, making this trivia game more suspenseful and surprise-filled than most. The 400 fun facts, random factoids, and tidbits of totally useless knowledge spark giggles and chatter in equal measure, adding up to precisely 10.724 tons o' fun. Made in Poland.

Smartphone Magnifier

Enjoy your mobile movies double the size of your smartphone display.

On the Little Big Screen \$30.00

Coming to a theater near you: viral YouTube videos, your Instagram feed, and cat gifs galore. This portable magnifier is about to blow up your phone—or at least what you see on the screen. Just slip your device into the fully assembled, retro-styled cardboard TV and enjoy your mobile movies double the size of your display. Keep it in your bag for impromptu screenings during your next camping trip, sleepover, or long car ride. Designed in London. Made in China.

MADE FROM plastic, rubber, cardboard
MEASUREMENTS 7.5" L x 4.9" W x 7.7" H
Comes assembled. Compatible with smartphones up to 6.29" L x 3.14" W.

Smartphone Photography Lens Set

These pro quality photo accessories turn the handiest camera—your iPhone—into a superb photographic tool.

Lens Bag

Clip Case

Snap Case

Smarter Snaps \$30.00 – \$100.00

The best camera is the one you have with you. That would be your smartphone. These pro-quality photo accessories make the best way better.

Snap Case adds a hand grip for steadier snapping, and a mechanical shutter for "real" camera feel. Tripod compatible case comes with two high-quality, aluminum alloy lenses: wide angle, macro.

Clip fits the front or back of your iPhone 6/7/8. Lens mount fits both lenses in this set. Clip comes with the same lenses as the Snap Case.

Pro quality, magnesium alloy Premium HD Wide Angle Lens can be mounted on both the Snap Case and the Clip.

All lenses come with caps and soft lens bags. Snap Case fits the front of iPhones 7 and 8. Clip fits the front or back of iPhones 6, 6+, 6s, 7, and 8 (and most other smartphones). Premium HD Wide Angle Lens fits on both Snap Case and the Clip. Made in Taiwan.

Case: 2.9" L x 0.65" W x 5.7" H

Cardboard iPad TV Stand

Don't touch that dial! This recycled cardboard stand gives your iPad the look of a retro TV.

Remote Control \$ 30.00

Don't touch that dial—this recycled cardboard stand gives your iPad the look of a retro TV, recreating the golden days of tuning in with family. Designed by Luis Rodrigalvarez. Made in Charlottesville, Virginia.

Made from recycled cardboard 14.75" L x 10.25" W x 3.25" D Fits iPad and iPad air. Note: This is not a protective case.

Public Radio – Single Station Tuner

This Mason jar radio is pre-tuned to your station of choice so it's always at hand.

Always in Tune \$60.00

This refreshingly minimal Mason jar radio is pre-tuned to the FM station of your choice so it's always at hand. Just turn a single knob and enjoy your favorite station without complicated controls, apps, or phone tethering.

The uncomplicated, cordless unit fits in anywhere at home, at work, or even outdoors. Just add two AA batteries and attach the antenna for over 30 hours of listening. If you move or change favorite station loyalty, the default station can be changed in a few simple steps. The design is compatible with any wide-mouth Mason jar, so swap in a larger one for a little bass boost. Made in Massachusetts and Brooklyn, NY.

3.5" L x 3.5" W x 6" H

Travel Cord Roll

Easily pack your electronics cords and other knick knacks with this stylish travel roll.

Tangle-Free Travel \$20.00

Luggage shifts, cords tangle, but you can keep your electronic companions organized in style with this travel roll. No more untangling a messy handful of cords just to charge your phone, rather, neatly tuck up to eight cords and two plugs into your stylish organizer. It's also great for stowing small knick-knacks like watches, hair clips, or other on-the-go necessities. Designed in Los Angeles. Made in China.

Made from Vegan Leather – Teal or Black

Measurements – Open: 17.5" L x 7.5" W;
Closed: 5" L x 7.5" W

Avocado Huggers - Set of 2

This silicone cup embraces half an avocado to keep the cut fruit fresh longer.

Pit Stop \$7.95

A sliver on a taco, a spoonful in a smoothie, or a spread on toast: A little avocado goes a long way. Keep its other half fresh and intact with this form-fitting silicone cup. These huggers ensure that you're prepared to preserve your favorite fresh fruit, and the convenient pit pocket can be pushed in or out for the tightest possible seal. Reusable food saver. Replaces plastic wrap. Made of BPA- and phthalate-free silicone in China.

Made from silicone. Dishwasher safe. Fits up to 4.25" L x 2.75" W

Super Magnetic Putty

Made with micron-sized iron-based particles, this charged-up putty has magnetic powers.

I'm Drawn to You \$14.00

Made with micron-sized iron-based particles distributed throughout, the astonishing moldable magnetic putty takes on the properties of a magnet itself when placed in close contact with the included Neodymium Iron Boron magnet.

Put it near the magnet and within five seconds, the putty will stretch itself out to reach the magnet almost as if it were alive. Press the magnet into it and the whole piece of putty becomes magnetic, able to lift tacks and paperclips on its own after charging in a magnetic field.

It's perfect for science-loving kids, or for any adult that loves intelligent play! Use the magnet to do the "snake charmer" trick. Or leave the magnet on your ball of putty and watch it engulf that magnet in about an hour! What can you do with it? The possibilities are endless! Made in Pennsylvania.

Microwave Potato Chip Maker

Make crispy potato, veggie, or fruit chips in the microwave in a few minutes, without fat or preservatives.

Healthy Snack Hack \$13.00

Junk food starts out as real food. But then they add junk, to make it crunchy. With this ingenious invention, you can turn healthy food into crispy snacks, with no junk. The included mandoline slices sweet or white potatoes evenly, to just the right thickness. Lay them on the silicone tray(s), and in less than five minutes, behold your microwave miracle: fresh, yummy chips with no added fat or preservatives. We love them with our delicious Dip Mixes. Try vegetable or fruit chips, too, like kale, beets, apples, and bananas. Fits into even the tiniest microwave, so it's a great gift for a college kid... or someone who'll turn over a new food leaf come New Year's Day. (Yes, we know that's you, because we're planning the same thing). Made in China.

Silicone, stainless steel, ABS plastic. Tray: 11" Diameter. Trays are microwave and dishwasher safe. Hand wash mandoline.
